This meeting can be viewed live on the Farragut YouTube Channel and the Town of Farragut website www.townoffarragut.org/livestream.

The meeting will be held at the Farragut Town Hall, 11408 Municipal Center Drive

The Board of Mayor and Aldermen welcomes and invites Farragut residents to participate in public meetings.

At the end of each business meeting, there will be time reserved for public comment under the Citizen Forum agenda item. If you are interested in speaking, please fill out a blue comment card and turn it in to the Town Recorder or staff member. This time is set aside specifically for comments on items that are not on the Board of Mayor and Aldermen regular agenda for the meeting. Each speaker will be given five (5) minutes to speak on his/her topic.

During the regular agenda portion of the meeting there may be an allowance for public comment for each agenda item. The Mayor may recognize individuals for public comment based on the following guidelines.

1. The Mayor shall maintain and control the meeting to provide a professional and objective environment;
2. Any Farragut resident interested in speaking should fill out a blue comment card stating which agenda item they would like to comment on and turn in to the Town Recorder or a staff member;
3. Speakers shall come to the podium and identify themselves by name and street address;
4. Public comment shall be limited to five (5) minutes per individual. Time for public comment may be amended at the discretion of the Mayor. Time is not transferable to other speakers;

5. Speakers should strive to avoid redundancy; each speaker should have their own original viewpoint;
6. Comments shall address issues, not individuals or personalities;
7. Comments may support or oppose issues or measures, but the motives of those with differing views shall not be questioned or attacked;
8. Personal attacks and malicious comments shall not be tolerated;
9. An applicant, and/or their representative(s), for an item on the regular agenda shall be afforded the time necessary to present their request and respond to questions. The five (5) minute limitation shall not apply. However, the Mayor may ask an applicant to stay on point in order to facilitate the efficiency of the meeting.

Each speaker will be asked if they can agree to abide by the Comment Protocol. If so, please be prepared to speak when your name is called.

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Mark Shipley, Community Development Director**SUBJECT:** Ordinance 23-16, an ordinance on second reading to amend the Farragut Zoning Ordinance to address buffer strip requirements where an adjacent property is shown as non-residential on the Future Land Use Map (Schaad Companies, Applicant)

INTRODUCTION AND BACKGROUND: During discussion with the Planning Commission, it was noted that this involves a request to amend the buffer strip requirements in the General Commercial District (C-1) to provide the Planning Commission with the ability to evaluate the buffer strip requirements based on whether a property currently zoned residential or agricultural is shown as a non-residential land use on the adopted Future Land Use Map. In this case, the Planning Commission may consider a modification to the buffer strip requirements based on the surrounding built environment and context. This may include whether the property is adjacent to a major arterial street or surrounded by non-residential development.

DISCUSSION: At the workshop session with the Planning Commission in September, the staff presented some discussion language that was favorably received, and direction was given for the staff to prepare an ordinance that included the staff's proposed language. As proposed and included in Ordinance 23-16, the language does not waive the buffer requirement. It provides the Planning Commission with the opportunity to consider the surrounding context and a property's Future Land Use Map designation to evaluate whether and to what extent a buffer may be appropriate.

RECOMMENDATION: At the October 19 Planning Commission meeting, Ordinance 23-16 was unanimously recommended for approval. Ordinance 23-16 was also unanimously approved on first reading by the Board of Mayor and Alderman at their meeting on November 9. There have been no changes to Ordinance 23-16 since first reading and Community Development Director, Mark Shipley, recommends approval of Ordinance 23-16 on second reading.

AN ORDINANCE TO AMEND THE TEXT OF THE FARRAGUT ZONING ORDINANCE, ORDINANCE 86-16, AS AMENDED, PURSUANT TO AUTHORITY GRANTED BY SECTION 13-4-201, TENNESSEE CODE ANNOTATED, BY AMENDING THE FARRAGUT MUNICIPAL CODE, APPENDIX A., ZONING, CHAPTER 3., SECTION XII., GENERAL COMMERCIAL DISTRICT (C-1), C. AREA REGULATIONS, 5. BUFFER STRIPS, B., TO ADDRESS BUFFER STRIP REQUIREMENTS WHERE AN ADJACENT PROPERTY IS SHOWN AS NON-RESIDENTIAL ON THE FUTURE LAND USE MAP

WHEREAS, the Board of Mayor and Aldermen of the Town of Farragut, Tennessee, wishes to amend Chapter 3., Section XII., General Commercial District (C-1), Subsection C. Area Regulations, 5. Buffer strips, b. of the Farragut Zoning Ordinance, Ordinance 86-16.

NOW, THEREFORE, BE IT ORDAINED by the Board of Mayor and Aldermen of the Town of Farragut, Tennessee, that the Farragut Zoning Ordinance is hereby amended as follows:

SECTION 1.

5. Buffer strips.

- b. There shall be a buffer strip a minimum of 35 feet in width on all side and rear property lines when the abutting property is zoned residential or agricultural unless such property is shown as a non-residential land use on the adopted Future Land Use Map. In this case, the Planning Commission may consider a modification to the buffer strip based on the surrounding built environment and context. This may include whether the property is adjacent to a major arterial street or surrounded by non-residential development.

SECTION 2.

This ordinance shall take effect from and after its final passage and publication, the public welfare requiring it.

-
- c. All structures developed as an integral part of a recreational facility/use are set back a minimum of 40 feet in the front yard and ten feet in the side and rear yards. Setbacks shall be measured from the nearest point of any property line.
25. Utility uses.
- C. *Area regulations.* The purpose of these setback regulations is to create a flexible building envelope that will enable the creative possibilities for development of a parcel to be maximized and to allow consideration of the natural features of a parcel as it is being developed. Please refer to Illustrations 6, 7 and 8 (see Chapter 1). These illustrations depict the intent of the following regulations. Setbacks shall be measured from the nearest point of any property line and all structures shall comply with the following setback requirements:
1. *Front Yards.*
- a. Where a parking lot is situated in the front yard between a building and an abutting street, all buildings shall be set back from the nearest point of any right-of-way a minimum of 80 feet;
- b. Where only a driveway aisle is situated in the front yard between a building and an abutting street, all buildings shall be set back from the nearest point of any right-of-way a minimum of 60 feet; or
- c. Where neither a parking lot nor a driveway aisle is situated in the front yard between a building and an abutting street, all buildings shall be set back from the nearest point of any right-of-way a minimum of 20 feet.
- d. All accessory structures, excluding signage (which would be subject to the provisions in the sign ordinance), detention basin structures (if associated with a low impact development measure), and/or non-roofed structures that provide for pedestrian engagement with the public street (such as outdoor patios, pedestrian facilities, sitting areas, public art), shall be set back from the nearest point of any right-of-way a minimum of 20 feet, except as provided for elsewhere in this ordinance or the [Farragut] Municipal Code.
- With the exception of linear pedestrian facilities that connect to similar facilities in the right-of-way, no structures shall encroach into the public right of way and/or platted utility easements. Detention basin structures that are not associated with a low impact development measure shall be set back from the nearest point of any right-of-way a minimum of ten feet. Electrical substations, utility offices, or any other utility building shall meet the front yard building setback requirements.
- Service areas and their associated structures (e.g., dumpsters, loading areas, utility building) shall be located to the side or rear of a building so as to minimize visual impacts from the street and foster a more pedestrian friendly streetscape.
2. *Side yards.* All buildings shall be set back a combined total of at least 60 feet on the two sides, but not less than 20 feet on any one side.
3. *Side and rear yards.* All accessory structures shall be set back a minimum of ten feet, except as provided for elsewhere in this ordinance or the [Farragut] Municipal Code.
4. *Rear yards.* All buildings shall be set back a minimum of 30 feet.
5. *Buffer strips.*
- a. There shall be a buffer strip a minimum of 35 feet in width on all front property lines when the street adjacent to that front property line is classified as a collector or local street on the Major Road Plan and the property on the opposite side of the street is zoned residential or agricultural;

-
- b. There shall be a buffer strip a minimum of 35 feet in width on all side and rear property lines when the abutting property is zoned residential or agriculture ~~agriculture~~ **agricultural unless such property is shown as a non-residential land use on the adopted Future Land Use Map. In this case, the Planning Commission may consider a modification to the buffer strip based on the surrounding built environment and context. This may include whether the property is adjacent to a major arterial street or surrounded by non-residential development.**
 - c. Existing, mature vegetation shall be preserved and incorporated into the buffer strip; and
 - d. Detention basins, measured from top-of-slope to top-of-slope, and associated structures shall not be located within any buffer strips.
6. *Maximum lot coverage.* Total lot coverage: 70 percent.
7. *Land area.* Minimum lot size of one acre.
- D. *Height regulations.* No structure shall exceed 2½ stories, or 35 feet in height, except as provided for elsewhere in this ordinance.
- E. *Parking.* As regulated in Chapter 4.
- In order to minimize the visual impact of surface parking, where parking is situated between a building and a street or is parallel with a building along a street, a berm shall be constructed or landscaping shall be planted so as to limit the viewability of the parking lot from the street. A minimum of 60 percent of the total parking lot length adjacent to the front property line shall be screened from view with a berm or landscaping.
- F. *Mixed Use Town Center.*
1. *General Description and Purpose.*
- In the Town's adopted Comprehensive Land Use Plan (CLUP), Strategy 1 describes the community's desire to Bring About a Downtown. Also included in the CLUP are land use descriptions related to the intent, uses, and character of what is described as a Mixed Use Town Center (MUTC). The CLUP also includes a future land use map which identifies locations for a MUTC.
- The purpose of this section is to ensure that properties zoned C-1 that are within (i.e., at least half of the existing parcel) the area shown as Mixed Use Town Center are developed and redeveloped in a manner that is consistent with the CLUP.
- Where a property is zoned C-1 and is shown to be within the area identified as MUTC on the Future Land Use Map, the following provisions shall apply.
2. *Permitted Principal and Accessory Uses and Structures.* (If a use is not listed below it shall not be permitted unless it is approved by the Board of Zoning Appeals as a Special Exception and the proposed use is consistent with the CLUP as it relates to the MUTC.)
- a. Generally recognized retail sales. This excludes all outdoor sales or storage (unless part of an approved Farmers Market or similar seasonal pedestrian oriented use) and any "big box" entities where the total gross square footage exceeds 25,000 square feet.
 - b. Restaurants, tea rooms, cafes, coffee houses, bistros, or other similar establishments serving food or beverage that is primarily consumed within the principal building or in designated outdoor seating areas associated with the principal building. A drive-through lane may be permitted provided the following criteria are satisfied:
 - 1. The property is a minimum of two acres and is a lot of record that has existing frontage on a street classified as a major arterial on the Major Road Plan;

PREPARED BY: Allison Myers, Town Recorder/Treasurer

SUBJECT: Ordinance 23-18, Ordinance to amend the ARPA Fund Budget for Fiscal Year 2023-2024, passed by Ordinance 23-07

INTRODUCTION:

The purpose of this agenda item is to approve Ordinance 23-18 on second reading to amend the Fiscal Year 2024 ARPA Fund Budget.

DISCUSSION:

The **ARPA Fund Budget** will be amended by increasing the appropriated expenditures from \$7,400,000 to \$8,900,000, an increase of \$1,500,000. This amendment is needed to budget for the additional expenditures required for the Town Hall renovation project. The amendment will also increase the fund revenues from \$1,791,566 to \$3,858,263, an increase in revenue of \$2,017,591. The additional funding is due to the award of the ARP Competitive Grant through The Tennessee Department of Environment and Conservation (TDEC) and the State Water Infrastructure Grants (SWIG) Program for the McFee Park Stormwater Parking Facilities. Please refer to Attachment A for the ARPA Fund budget and ending balance of \$1,423,479.

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Mark Shipley, Community Development Director**SUBJECT:** Ordinance 23-17, an ordinance on first reading to amend the Farragut Zoning Map to rezone all properties currently zoned Rural Single-Family Acre Residential (R-1-S-A) to Rural Residential (R-1) (Mike Tuell, Applicant)

INTRODUCTION AND BACKGROUND: During discussion with the Planning Commission, it was noted that one of the Town's residential zoning districts is the Rural Single-Family Acre Residential District (R-1-S-A). This district is very similar to the Rural Residential District (R-1) with the biggest difference being the requirement for a lot size of at least one acre. Only the Belleaire Subdivision and a portion of the Concord Baptist property are zoned R-1-S-A.

The main issue with the R-1-S-A is that many of the lots in the Belleaire Subdivision that are zoned R-1-S-A are less than one acre and thus nonconforming. This inhibits modifications to these lots that would otherwise be reasonable. It is likely that the R-1-S-A was originally applied to Belleaire since most of the oldest platted lots along Belleaire Drive were more than one acre. The staff is unclear as to why the subdivision was not rezoned to R-1, which only requires a minimum lot size of 20,000 square feet (.46 acres) since the lots south of Belleaire Drive were mostly under one acre but more than 20,000 square feet.

As noted to the Planning Commission, the applicant's request to rezone the lots currently zoned R-1-S-A to R-1 would make all of the lots compliant with the minimum lot size and not affect how the properties are being used since, other than the minimum lot size, the R-1 District is virtually identical to the R-1-S-A. The only other differences are that the side yard setbacks for dwelling units are a combined 50 feet in R-1-S-A vs. 40 feet in R-1. The R-1-S-A also allows parks, playgrounds and playfields, neighborhood and municipal buildings, and libraries if approved as a special exception. These are not options in the R-1 and would best be covered under the Community Service District (S-1).

RECOMMENDATION: At the November 16 Planning Commission meeting, Ordinance 23-17 was unanimously recommended for approval. Community Development Director, Mark Shipley, recommends approval of Ordinance 23-17 on first reading.

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Darryl W. Smith, PE**SUBJECT:** Approval of Supplement Request from Cannon & Cannon, Inc. for Additional Engineering Services for Advanced Traffic Management System (ATMS) Project.

INTRODUCTION: The purpose of this item is consideration of a supplement request from Cannon & Cannon, Inc. for additional design services related to the Town's ATMS project currently under construction.

BACKGROUND: In 2017, the Board entered into an agreement with Cannon & Cannon, Inc. for design services for development of a Congestion Mitigation Air Quality (CMAQ)-funded project that will upgrade our existing traffic signals to a Town-wide centrally controlled system. The project also includes replacement of signal controllers, cabinets, communications systems and other hardware, as well as installation of mast arm poles at various locations.

The original contract included routing of fiber to a separate server on the second floor of the Town Hall. However, Town Hall renovations will shut the building down over the next year. Additionally, the Town already has a cooled room at the Community Center that can be used for the server location. As we intended to eventually install fiber to the Community Center anyway, staff recommends the fiber be installed now as part of the ATMS project. Design of the additional fiber and routing to the server room at the Community Center will require supplemental services from Cannon & Cannon, with a total fee of \$18,500 for modifying the project plans.

RE: Budget Supplement Agreement No. 2
Farragut Advanced Traffic Management System Phase 1 Project

Dear Mr. Smith:

Cannon & Cannon, Inc. (CCI) appreciates the opportunity to prepare this budget supplement agreement for the referenced project. The original agreement was executed by the Town of Farragut on October 27, 2017, and Budget Supplement Agreement No. 1 was executed by the Town of Farragut on September 26, 2019. This Budget Supplement Agreement No. 2 is being submitted to provide additional engineering services as requested by the Town of Farragut.

The additional services to be provided by CCI and Kimley-Horn (KH) include revisions to construction plans and specifications due to the relocation of the proposed Traffic Operations Center (TOC) from Farragut Town Hall at 11408 Municipal Center Drive to the Farragut Community Center at 239 Jamestowne Boulevard. Specific revisions will include conduit and fiber layouts to connect the signal system to the Farragut Community Center as well as to access the appropriate room within the Center, additions and modifications of fiber splice details and summary tables, and revisions of scope of work descriptions.

Based on our understanding of these additional services, the proposed budget for the services described above in Budget Supplement Agreement No. 2 is \$18,500. This brings the total CCI engineering budget contract of this project to \$455,980. In accordance with the original agreement, CCI will continue to bill services on a lump sum basis, with invoices issued monthly.

If the outlined terms of this proposed budget supplement agreement are acceptable, please have this document signed in the space provided and return a copy via e-mail for our records.

Please do not hesitate to give me a call if you have questions or require additional information.

Sincerely,

Brian J. Haas, P.E., PTOE
Traffic Team Leader

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Darryl W. Smith, PE**SUBJECT:** Approval of Supplement Request from Cannon & Cannon, Inc. for Additional Plat Map Services for 70 acres of property located off McFee Road and adjacent to the railroad track in Farragut, TN, being a portion of Knox County Tax Map 24.02 and 24.03.

INTRODUCTION: The purpose of this item is consideration of a supplement request from Cannon & Cannon, Inc. for additional engineering services to replat the 70 acres of property, a portion of which was purchased by the Town and a portion donated by the seller, at the northwest quadrant of the intersection of McFee Road and Boyd Station Road.

BACKGROUND: In June the Board entered into an agreement with Cannon & Cannon, Inc. for due diligence investigation of the property. The Town recently closed on the purchase, and at this time we wish to create a plat that will dissolve interior property lines and define the portion of the property that is being donated by the sellers, as well as any other easements already on the property. Platting of the property is outside the original scope of services, so Cannon & Cannon, Inc. have requested supplemental fee of \$9,800.

RE: Professional Services Agreement – AMENDMENT #1
Scope and Fee Proposal
McFee Road Property (70ac) Due Diligence

Mr. Smith:

Cannon & Cannon, Inc. (CCI) appreciates the opportunity to submit this budget amendment agreement for the referenced project. The original agreement for this project's work authorization was executed with the Town of Farragut on June 22, 2023.

SCOPE OF WORK – BASIC SERVICES – AMENDMENT #1

The original scope of services prepared due diligence documents for the purchase of a 55-acre parcel south of McFee Road in the Town of Farragut. These documents included a Topographic Survey and an ALTA/NSPS survey for the properties. As per the town's request, additional services are proposed within this amendment to include the preparation of a plat for subdivision of the referenced property. The following Scope of Work outlines the services associated with this amendment:

- An exempt plat will be prepared for the portions of Parcels 162 024, 02402, and 02403 for the purpose of establishing a 55-acre tract, a 15-acre tract and the remainder for the use in the proposed property transaction.

Amendment #1 Total	\$ 9,800
<u>Original Contract Fees</u>	<u>\$ 71,200</u>
Total Proposed Amended Budget	\$ 81,0000

The total amount of this Budget Amendment No. 1 is **\$9,800**. Based on the Original Contract Amount of \$71,200, the total proposed budget is **\$81,000**. In accordance with the original agreement, CCI will invoice on a LUMP SUM basis, with monthly invoices. Reimbursable expenses, including mileage, are included. Reference the original contract for terms and conditions.

We appreciate the opportunity of working with the Town of Farragut on this project. If this proposed budget amendment agreement is found acceptable, please have this document signed and return one copy for our records. Please contact us if you have any questions.

Sincerely,

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Mark Shipley, Community Development Director**SUBJECT:** Request for approval of a variance from the distance between driveways requirement in the Driveways and Other Access Ways Ordinance associated with a requested right in right out access for the Dollar General and Advance Auto Parts, 13020 and 13024 Kingston Pike (JMB Investment Company, Applicant)

INTRODUCTION AND BACKGROUND: At the November 16 Planning Commission meeting a site plan was approved for a new Dollar General and Advance Auto Parts development on the south side of Kingston Pike northeast of the Cool Sports Icearium. Originally, the site plan for this project included a full access that did not line up with the Fast Pace Urgent Care access on the north side of Kingston Pike. The staff informed the applicant that they could not support this proposed access because the offset could potentially create conflicts in the center turn lane.

As a result, the site plan was postponed at the October Planning Commission meeting so the applicant could re-visit their access. The revised site plan that was approved by the Planning Commission in November provided for a full access that would line up with the Fast Pace Urgent Care. As a secondary access from Kingston Pike, the applicant also showed a right in right out access near the western property line. This access would provide eastbound travelers with the ability to access the property before arriving at the full access to the east.

DISCUSSION: The proposed right in right out access would be within the 400 feet of separation required for accesses onto arterial streets as provided for in the Driveways and Other Access Ways Ordinance. The access would be roughly 317 feet to the west of the full access and roughly 209 feet to the east of a residential driveway on the north side of Kingston Pike. Consequently, the applicant asked the Planning Commission to recommend approval of a variance for the proposed right in right out access.

RECOMMENDATION: The Town Engineer reviewed this request and recommended approval of the variance since it would provide an additional access option that would not create conflicts in the center turn lane. The recommendation was conditioned on the raised curbing being more pronounced to dissuade motorists from turning left (westbound) from this access point. At their meeting on November 16, the Planning Commission unanimously recommended approval of the variance subject to the curbed island at the access being more flared for both the enter and exit movements. Since this access is onto Kingston Pike, the access will also have to be approved by TDOT.

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** Mark Shipley, Community Development Director**SUBJECT:** Request for approval of a variance from the distance between driveways requirement in the Driveways and Other Access Ways Ordinance associated with a requested access for the Dogtopia Dog Day Care, 12925 Kingston Pike (Chris Sharp – Urban Engineering, Applicant)

INTRODUCTION AND BACKGROUND: At the November 16 Planning Commission meeting a site plan was approved for a new Dogtopia Dog Day Care development on the north side of Kingston Pike just east of the Mormon Temple that was recently approved for site development. The Dogtopia tract had been an old house site owned by Christ Covenant Presbyterian Church. It is triangular shaped with a major drainageway along the eastern portion of the property.

DISCUSSION: Though the property had a driveway for the old house, the location for the access needed to be modified for this development. Given the width of the lot and the distance from the proposed access to the access approved for the Mormon Temple to the west, the applicant requested approval for a variance of 230 feet. The proposed access would be roughly 170 feet from the eastern edge of the right in right out access for the Mormon Temple to the west. As provided for in the Driveways and Other Access Ways Ordinance, new accesses onto arterial streets are required to be at least 400 feet apart.

RECOMMENDATION: Since a connection was not required into the Dogtopia property from the Mormon Temple site when the site plan and access was approved for the Mormon Temple, the staff supported the variance needed for the Dogtopia access. Otherwise, since the property does not front on another public street, there would be no access. At their meeting on November 16, the Planning Commission unanimously recommended approval of the requested 230-foot variance. Since this access is onto Kingston Pike, the access will also have to be approved by TDOT.
