Proclamation

Building Safety Month — May 2024

Whereas the Town of Farragut is committed to recognizing that our growth and strength depends on the safety and essential role homes, buildings, and infrastructure play, both in everyday life, and when disasters strike, and;

Whereas our confidence in resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians—building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers, and others in the construction industry—who work year-round to ensure the safe construction of buildings, and;

Whereas these guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state, territorial, tribal, and federal officials that are experts in the built environment to create and implement the highest-quality codes to protect us in the buildings where we live, learn, work, and play, and;

Whereas these modern building codes include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods, and earthquake, and;

Whereas Building Safety Month is sponsored by the International Code Council to remind the public about the critical role of our communities' largely unknown protectors of public safety—our local code officials—who assure us of safe, sustainable, and affordable buildings that are essential to our prosperity, and.

Whereas “Mission Possible,” the theme for Building Safety Month 2024, encourages us all to raise awareness about planning on a personal, local, and global scale, and;

Whereas each year, in observance of Building Safety Month, people all over the world are asked to consider the commitment to improve building safety, resilience, and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local and state building departments, fire prevention bureaus and federal agencies in protecting lives and property.

NOW, THEREFORE, I, Ron Williams, Mayor of the Town of Farragut, State of Tennessee, do hereby proclaim the month of May 2024 as Building Safety Month. Accordingly, I encourage all our citizens to join us as we participate in this worthy observance.

REPORT TO THE BOARD OF MAYOR AND ALDERMEN**PREPARED BY:** William E. McKelvey, Public Works Director**SUBJECT:** Approval of Purchase for One (1) Chevy Silverado 1500 4wd Pick-up from Wilson Co. Motors**INTRODUCTION:** The purpose of this agenda item is to approve the purchase of one (1) vehicle through the Tennessee Statewide Contract #209.**STRATEGIC PLAN:** Public Works needs dependable transportation to move crews around to complete tasks and ensure we meet our daily assignments. Without this transportation in place our maintenance of the town doesn't reach its full potential of being well maintained.**BACKGROUND:** The Public Works Department has a 2018 Ford F150 with approximately 80,000 miles. The engine has had an internal failure, and the motor has locked up. Repairs will cost \$11,000.00 and the current value of the pick-up does not justify spending that much money for the repairs. I have been looking for vehicles that are available on dealer's lots that are TN Statewide Contract #209 approved. This vehicle is built and ready for delivery. This Chevy Silverado 1500 is a 4wd, and although we don't require a 4wd there aren't any 2wd vehicles available for purchase through the state contract.**DISCUSSION:** Attached is pricing through the State of Tennessee Contract #209 for a new 2024 Chevrolet Silverado 1500 4WD Crew Cab from Wilson Motors in the amount of \$44,070.00.**FINANCIAL SECTION: Equipment Replacement Fund****Account Number:** 314-43949-9490

TOWN OF FARRAGUT

GOVERNMENTAL REGULATION ADDENDA

The following commitments, certificates and affidavits find their origin in federal and state law related to funding granted by state and federal entities to local governments like the Town of Farragut, and are agreed to by the parties to the contract or agreement to which it is incorporated:

1. With respect to compliance with the Equal Employment Opportunity requirements:
 - (a) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of his nondiscrimination clause.
 - (b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
 - (c) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.
 - (d) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
 - (e) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
 - (f) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the

administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(g) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(h) The Contractor will include the portion of the sentence immediately preceding paragraph (g) and the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Town of Farragut (herein the "Client" or the "Applicant") further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, That if the Applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of Contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a Contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the Applicant agrees that if

it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

 - (a) Contractor. The Contractor shall comply with 18 U.S.C. § 874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.

The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

3. With respect to compliance with the Contract Work Hours and Safety Standards Act:
 - (a) Overtime requirements. No Contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
 - (b) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the total of \$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
 - (c) Withholding for unpaid wages and liquidated damages. The Town of Farragut shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

(d) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient who in turn will forward the certification(s) to the awarding agency.

7. With respect to the compliance with the Drug-Free Workplace Act:

As required by Tennessee Code Annotated § 50-9-113, the Contractor shall provide with their bid, an affidavit certifying that the bidding entity has in effect, at the time of submission of its bid to perform the construction referred to above, a drug-free workplace program that complies with Tennessee Code Annotated Sections 50-9-101 through 50-9-113. This statute forbids any local government from entering into any contract or awarding any contract for construction services with any covered employer who has not provided the affidavit of compliance.

As required by Tennessee Code Annotated § 50-9-114, the Town maintains and operates a drug-free workplace program as certified by Tennessee's Drug-Free Workplace Act, as amended. The program operated by the Town includes drug and alcohol testing for persons required to have a commercial driver's license; procedures for urine drug testing and breath alcohol testing; and testing at the following times and circumstances: pre-employment, transfers, upon reasonable suspicion, post-accident (post-incident), random, return-to-duty, and follow-up. Prohibited conduct includes the following: being on duty or performing work while under the influence; engaging in the making, distribution or possession of illegal drugs at any time or alcohol while on duty; refusing or failing a test administered under the policy; providing an altered or fake specimen for testing; use of alcohol while on on-call for duty or within four hours prior to reporting for duty; and use of drugs or alcohol within eight hours after an accident or incident unless already cleared of fault. Violations may result in termination. All bidders are required to and shall provide with their bid an affidavit certifying that the bidding entity operates a drug-free workplace program or other drug and alcohol-testing program with requirements at least as stringent as the program operated by the Town. A copy of Town's program may be obtained upon request. The model affidavit referred to in the previous paragraph complies with the foregoing requirement.

8. With respect to the compliance with the laws governing employing or contracting with illegal immigrants.

The Town shall endeavor to do business only with those contractors and subcontractors that are in compliance with the Federal Immigration and Nationality Act. This policy shall apply to all State Contractors including subcontractors. This policy statement is issued to establish

implementation guidance to procuring state agencies and contractors reflecting the requirements of Governor's Executive Order #41, An Order Regarding Compliance with Federal and State Laws Related to Employing and Contracting with Illegal Immigrants, and the requirements of Public Acts of 2006, Chapter Number 878 of the State of Tennessee (codified at Tennessee Code Annotated, Title 12, Chapter 4, Part 1).

The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the Town a completed and signed copy of the Attestation form provided by the Town, semi-annually during the period of this Contract.

Prior to the use of any subcontractor in the performance of this Contract, and semiannually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract.

The Contractor shall maintain records for its employees used in the performance of this Contract. Said records shall include a completed federal Department of Homeland Security Form 1-9, Employment Eligibility Verification, for each employee and shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.

The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the Town of Farragut and the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this contract.

For the Purposes of this policy, "illegal immigrant" shall be defined as a non-citizen who has entered the United State of America without federal government permission or stayed in this country beyond the period allowed by a federal government-issued visa authorizing the non-citizen to enter the country for specific purposes and a particular time period.

Compliance and non-compliance procedures will be as specified in the Tennessee Department of Finance and Administration's Policy on "Ensuring Compliance with Federal Immigration Laws by State Contractors and Subcontractors".

9. This is an acknowledgement that Treasury ARP SLFRF financial assistance will be used to fund all or a portion of the contract. The Contractor will comply with all applicable Federal law, regulations, executive orders, Treasury policies, procedures, and directives.
