Local Parks and Recreation Fund Matching Grant

Sue explained what the grant is and how it works, as well as the requirements. The Town would use the grant to replace the playground at Mayor Bob Leonard Park. The playground needs to be replaced, and the replacement has been in the Town's plans. The total cost would be \$85,000, of which the grant would pay half and the Town the other half. The Council had a discussion about the playground design, safety issues, timeline, budget, and grant requirements.

A motion was made to recommend to the Board of Mayor and Alderman that the Town apply for the 2014 Local Parks and Recreation Fund Matching Grant from the State of Tennessee.

The motion carried unanimously.
